Profile

Software Engineering student with hands-on experience building full-stack web applications, mobile apps, and desktop software. Completed a 1-year internship and developed multiple projects including an e-commerce platform, construction management mobile app, and inventory system. Passionate about creating scalable solutions with modern technologies. Currently pursuing Master's degree in Software Engineering & Database Management while actively seeking opportunities to apply my skills in React, Spring Boot, Flutter, and Node.js.

Education

Master's Degree in Software Engineering & Database Management

Centre National de Télé-Enseignement | 2024-2026 (In Progress)

Bachelor's Degree in Software Engineering

Centre National de Télé-Enseignement |2021 -2024

Work Experience

Software Engineering Intern

Entreprise ATM | Antananarivo, Madagascar January 2024 - January 2025 (1 year)

- Developed and maintained web applications using modern JavaScript frameworks
- Collaborated with senior developers in an Agile environment on client projects
